- USE STATE/COUNTY GOALS AS STARTING POINT, BUT SET HIGHER GOALS FOR CITY.
- PRIORITY ACTIONS THAT CAN BE IMPLEMENTED SOON (2-5 YEARS)
- ESTABLISH ORGANIZED COLLECTION
- SET PRICING TO ENCOURAGE RECYCLING + DISCOURAGE DISPOSAL
- MAKE RECYCLING AVAILABLE @ PARKS, FACILITIES + EVENTS
- REQUIRE EVENT PERMITTEES TO MEET ZERO-WASTE REQUIREMENTS.
- PROVIDE TRAINING TO MEET ZERO WASTE
- COLLABORATE W/ HENN. CO. ENV SERV.
- INCREASE RECYCLING @ BUSINESSES
 - INSPECTIONS
 - INCENTIVES
 - TECH ASSIST.

① Done DEX

- ① SET SIGNIFICANT CITY-WIDE SOLID-WASTE REDUCTION GOALS (eg. 90% by 2030) + measure + report.
- ② Include SIGNIFICANT FOCUS ON REDUCTIONS @ MULTI-FAMILY + BUSINESSES
- ③ RE-ESTABLISH CITY RECYCLING COORDINATOR POSITION (+ INCREASE STAFF RESOURCES + RAMP-UP EDUCATION/ OUTREACH/ TECHNICAL ASSISTANCE + INCENTIVES).
- ④ ESTABLISH A CITIZEN ADVISORY COMMITTEE/ COMMISSION (FOR CONTINUED FEEDBACK/ INPUT ON REACHING SUSTAINABILITY GOALS).

③
 Charge for garbage
 by the pound. esp @
 business + multi family.
 Recycle free.

④ We appreciate being invited and heard regarding this topic - solid waste

And all its facets. We favor the goals of safety, reducing wear + tear on streets and conserving fuel.

1) Remove "voluntary" from strategy #1.

2) Organize both trash + recyclables.

3) Offer organics recycling bag - mandatory, not opt in or opt out.

⑤ I am only interested in former garbage trucks that know my new street this way but in a couple of years ago, 100 many garbage trucks in Des Moines Iowa.

I feel many residents are either unaware or uneducated as far as how to divide household waste into recyclable + compostable & real garbage. Too much waste is being created which could be placed into recycle & compost areas. Individual composters & those with less garbage should be rewarded with lower bills because they respect

our environment & take the time to separate waste.

I only need waste pick-up once every 3 weeks, yet I pay for 4 pickups. CRAZY!

I detest the tracks on my street during garbage day — too many.....
