Attachments: Sign-in lists pages 1 - 4.pdf; Comment cards #1 - #3.pdf; Comment cards #4 - #6.pdf; Comment card #7 - 2 sides.pdf

Jim and Lynn,

Attached is a higher quality scan of the sign-in lists (4 pages total). Let me know if you want me to erase my hand-notes to calculate number of registrants, PMT staff and City Council members.

Also attached are scans of the 7 comment cards Deborah handed to me last night. I have them in for typing as you read this.

I told Jim on the phone earlier this afternoon that I would send the originals of these documents to him via regular U.S. mail.

Yes, Foth is drafting summary results of the second Open House held last night. We will have this to you by COB Tue Jan 21.

Thanks.

Lynn,

Dan has the original sign-in sheets, and comment cards. Foth was going to follow-up with the write-up in a short timeframe targeted to be by our PMT conference call here at PW

Thanks.

Jim

Hi,

Who has the sign-in sheets from last night?

Deb was going to give them to me today, but someone must have removed them from her pile of stuff after the meeting.

I need them or a very good quality scan of them (better than the photos below) for the "official record" of the meeting for reporting to council and for updating my e-mail and address contact list for future announcements.

I don't care if Foth staff type up the comments, but I (or Deb or Kim) will also need a copy of the typed up comments for upcoming council agendas.

Thanks, Lynn

Subject: Bloomington - 2nd Open House: Preliminary results summary, including photos

Jim,

The Open House last night was another successful *SWMP* community engagement strategy. Thanks to all of the Project Management Team the who helped prepare and staff the event!

Forty-three (43) citizens signed-in and participated. Six (6) PMT members helped staff the event, including Susan and I. Several other City staff helped prepare or stopped by, including Larry Lee. As a bonus, three (3) City Council members attended and participated in the informal, small group discussions.

Attached is a draft set of preliminary Open House results and documents, including the photos of the sign-in sheets, tally of the "Sticky Dots" exercise by "Goals" and "Strategies", and photos of the four large "Sticky Dots" sheets.

Below are two pre-selected **samples** as my means to headline some of the top "Goals" and "Strategies" according to participant "Sticky Dots". Please see the attached results and documents for more details and context.

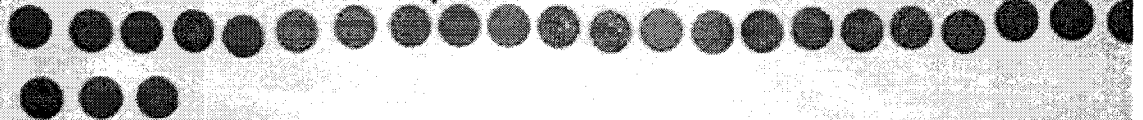

Selected Examples of Top "Goals" from January 16 Open House

•Goals•

•Improve safety

•Reduce road wear impacts

•Lower environmental impacts

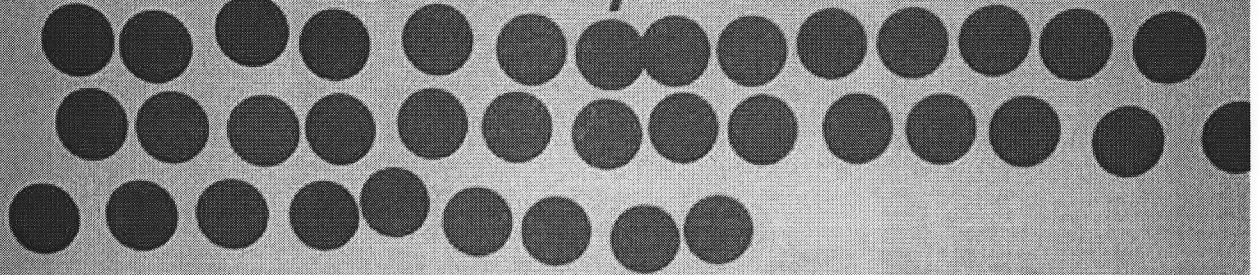

•Increase use of resource recovery facilities

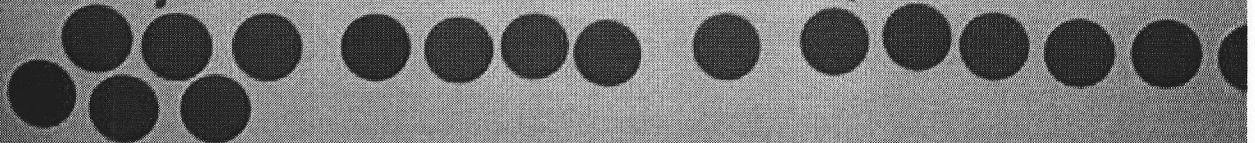

Selected Examples of Top "Strategies" from January 16 Open House

4. Trash Collection Systems

5. Citywide Curbside Cleanup

The Bloomington Master Recycler/Composter (MRC) Group handed out a draft set of "Strategies to Improve Recycling in the City of Bloomington". Please let me know if this document is sent by MRC via email to City staff. If not, I will scan my copy and email under separate cover.

Other documents from the Open House that we will type up or summarize include the "Comment Cards" from participants and our own staff notes.

Foth will draft up more official results as part of the stand-alone "*Community Engagement*" report we discussed on Wed Jan 15. We can discuss this separate report in more detail at our weekly PMT meeting / conference call on Wed Jan 22 at 12:30 p.m.

Thanks.

• USE STATE/COUNTY GOALS AS STARTING POINT, BUT SET HIGHER GOALS FOR CITY.

①
Done
Dix

• PRIORITIZE ACTIONS THAT CAN BE IMPLEMENTED SOON (2-5 YEARS)

• ESTABLISH ORGANIZED COLLECTION

• SET PRICING TO ENCOURAGE RECYCLING + DISCOURAGE DISPOSAL

• MAKE RECYCLING AVAILABLE @ PARKS, FACILITIES + EVENTS

• REQUIRE EVENT PERMITTEES TO MEET ZERO-WASTE REQUIREMENTS.

• PROVIDE TRAINING TO MEET ZERO WASTE

• COLLABORATE W/ HENN. CO. ENV SERV.

• INCREASE RECYCLING @ BUSINESSES
• INSPECTIONS
• INCENTIVES
• TECH ASSIST.

① SET SIGNIFICANT CITY-WIDE SOLID-WASTE REDUCTION GOALS (eg. 90% by 2030) + measure + report.

② Include SIGNIFICANT FOCUS ON REDUCTIONS @ MULTI-FAMILY + BUSINESSES

③ RE-ESTABLISH CITY RECYCLING COORDINATOR POSITION (+ INCREASE STAFF RESOURCES + RAMP-UP EDUCATION/ OUTREACH/ TECHNICAL ASSISTANCE + INCENTIVES).

④ ESTABLISH A CITIZEN ADVISORY COMMITTEE/ COMMISSION (FOR CONTINUED FEEDBACK/ INPUT ON REACHING SUSTAINABILITY GOALS).

③
Charge for garbage
by the pound, esp @
business + multi family.
Recycle free.

Kay Zepher Dennis

leharmony@usfamily.net

③

I am only interested in fewer garbage trucks ruining my new street that was put in a couple of years ago. Too many garbage trucks in Bloomington.

④

We appreciate being invited and heard regarding this topic - Solid waste and all its facets. We favor the goals of safety, reducing wear + tear on streets and conserving fuel.

⑤

1) Remove "voluntary" from strategy #1.

2) Organize both trash & recyclables.

3) Offer organics recycling - mandatory, not opt in or opt out

(10/22)
7
I feel many residents are either unaware or uneducated as far as how to divide household waste into Recyclable + Compostable & real garbage. Too much waste is being created which could be placed into recycle & compost areas. Individual Composters & those with less garbage should be rewarded with lower bills : Because they respect

our environment & take the time to separate waste.

I only need waste pick-up once every 3 weeks, yet I pay for 4 pickups. !
CRAZY! (3/22)

I detest the trucks on my street during garbage day — too many.....
