Jim,

Thanks for sharing this cover memo with us. Attached are some quick suggestions in redline form. These come from Susan Young, Warren Shuros and myself. We tried to make the language a little more consistent with the Executive Summary (also attached as per Janine's InDesign version as of 2-20-2014). See especially the suggested changes to three steps immediately under "The *Plan*".

Also we suggested expanding your "Staff Recommendations" and softening the organized collection recommendation to "further study". We assumed you would want to hold off on the Staff recommendation to proceed with some form of organized collection until **after** the *Plan* is adopted.

We do not recommend calling out in a public memo the City Attorney's legal concerns about the "city-oversight" of a "consortium for organized collection". We understand and appreciate the City Attorney's concerns, but these issue may best be discussed in a more private forum other than your Staff memo.

Thanks.
